

**Subject:** Change of type designation L 2400 EB 1.B as installed in powered glider Stemme S 10

**Affected engine models:** All engine model:  
**L 2400 EB 1.B**

which are operated with a temporary permit (VVZ) in the powered glider Stemme S 10

**Background Information:** Change of type designation of engine model L 2400 EB 1.B due to a supplementary type certification. The model designation changes as follows:

old	new
L 2400 EB 1.B	L 2400 EB 1.AD

The both types are identical. The change of the model designation is necessary because the above-mentioned engine may be operated at higher rpm.

**Priority:** without

**Compliance:** At the next 25 h, 50 h or 100 h check the nameplates shall be exchanged

**Remarks:** Messrs. Stemme have been notified of the change already.

This document has been translated to the best of our knowledge. In case of doubt however only the German original shall be considered authoritative.

**LBA approved:**
